

It's nice to meet you!

Introduction to Peekaboo Preschool

For over 11 years we've been welcoming families just like yours to Peek a boo preschool.

Your child's bright future starts with early education.

From curriculum to teachers, our approach to early education inspires a love of learning. Whether they're building blocks, cooking an imaginary sand feast, learning to read and write, your child will build confidence for life having fun with friends their age in our safe and supportive classrooms. They'll find teachers who believe in them and give them the freedom to be themselves, try something new, and make new friends.

Our curriculum

Our curriculum is based on the Montessori way of teaching integrated with the Sipro curriculum with a blend of jolly phonics a comprehensive programme from the UK which is widely recognised for its effective way to teach children to read and write in English.

The children are also engaged in music & movement, art, sensory, practical life skills, clubs and emotional and social learning.

A safe place for your infant means you feel sound.

Leaving your baby in someone else's care is a big step. Everyone at Peekaboo—most importantly, our naturally gifted infant teachers—will work with you to make sure the transition goes smoothly. When you step into our infant classroom, you'll see how much we want your infant to feel safe, loved, and ready to explore their world.

Inside an infant's day

Our caring teachers set a daily rhythm for infants that includes group time, story time, outdoor play, meals and naps, and most especially, lots of playtime (because we know so much learning happens when they play with attentive teachers nearby).
